Management

Cicero, the great Roman orator, once said, "Character is the sum total of success."

Hence, it follows that the success of any enterprise is the sum total of the character of the men who make up its directing in-

The Ucan Safety Hair Cutter Corporation is singularly fortunate in having men of character and ability in its organization.

Mr. ERNST WOLTMAN, PRESIDENT, Mr. Woltman is consultin ; engineer for the New York Central and Lackawanna Railroads, Brooklyn Rapid Transit Company, Interborough Rapid Transit Company and the New York Edison Company. He is the creator of several inventions; among them being the Wall Switch, which is operated by pressing a black button and a white button.

EDWARD W. COLLINS, VICE-PRESIDENT, in charge of distribution. Mr. Collins has been with the United Cigar Stores since they were started and has been the organizer of territory all over the United States. He is a brother of H. S. Collins, who, with Mr. Whelan and a few more financial men, control the United Cigar Stores. As organizer of territory, it is through him most of the managers have secured their positions; therefore, his acquisition by the Ucan Company in connection with its dealings with the United Cigar Stores organization is of tremendous importance. Mr. Collins brought with him H. G. Peterman, who has been his first lieutenant for the past 20 years, and is also well known to the whole organization in the United States and Canada.

LOUIS L. KAESS, VICE-PRESIDENT AND GENERAL-MAN-AGER, is a graduate of Annapolis, and served in the Navy until 1909, resigning with the rank of Lieutenant Commander to enter the business of manufacturing aeroplanes. Mr. Kaem was in the Engineering Department in the Navy, and at times had several hundred employes under his jurisdiction. Previous to the war his concern manufactured about one hundred and fifty aeroplanes. When the United States entered the war, Mr. Kaess was recalled for duty in the Navy, and served much of his time abroad. Looking for something else to manufacture after the armistice, Mr. Kaess came in contact with the Ucan Safety Hair Cutter, and after a thorough investigation took the matter on. Mr. Kaess is a man with a tremendous amount of vitality and push, and his experience as a manufacturer and distributor is of great value to the Ucan.

WILLIAM L. FANNING, SECRETARY AND TREASURER, is a member of the New York Curb Association, but is now giving his entire time and attention to the business of the Uean Safety Hair Cutter Corporation.

HON, NEWTON W. GILBERT, DIRECTOR, is a member of the firm of Gilbert, Campbell & Barranco, Attorneys, at 14 Wall Street, New York. He has represented Indiana at several sessions of the United States Congress; has been Lieutenant Governor of Indiana, and was Governor of the Philippine Islands under President Taft. Mr. Gilbert acts as counsellor for the Ucan Corporation.

FRANK D. STUART, DIRECTOR, is a retired capitalist who has made a large amount of money himself manufacturing, and is now practically retired from active business, with the exception of his interest as Director of the Fean Safety Hair Cutter Corporation,
